

**The Easiest Way
To End Dandruff**

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

TAFTVILLE

Ex-Gov. Benne of Taftville and Olive Fontaine of Orem were united in marriage by Rev. R. D. Desautels at St. Joseph's church Wednesday morning at 9 o'clock. Joseph Benne, a brother of the groom, was best man, and Miss Gladys Fontaine, a sister of the bride, was bridesmaid. Mr. and Mrs. Benne left for a tour of Canada. There were many useful and beautiful presents in various forms.

The groom is the son of Melrose and the late Noel Benne and he lived with his mother at 11 Front street. He is employed by the Service in Taftville. The bride is the daughter of Alfred and Louise Fontaine of Orem.

Another game is scheduled for tonight at the Twilight League, when the Knights of the Penmanship Wheel club, the "Time Monday" night was won by the "Amiable" club.

Rev. Arthur O'Keefe, former pastor of the Sacred Heart church, presented the diploma to the members of the 1926 class of St. Francis' parochial school of Taftville at the exercises in St. Francis' church Sunday afternoon. The edifice was crowded with relatives and friends. Father O'Keefe delivered an interesting address to the graduates.

Rev. James H. Allen has placed a photograph and seventy-five or eighty records in the Children's church fall at Burlington, Vt.

Says CINOT Is
The Remedy**

Mr. Frank Allan of 81 Edward Street, Hartford, tells how CINOT relieved him of kidney and bladder trouble after long suffering.

Mr. Allan who is too well known in Hartford and vicinity to need an introduction comes forward and tells his story to the public extolling the merits of CINOT and Mr. Allan is doing this in the hope that some one who has suffered as he has will benefit by his experience and that is all the reward that he expects. He says:

"For a long time I have been a sufferer from kidney and bladder trouble with rheumatism in my left arm and shoulder and a pain across the back that gave me many a restless night. I have tried many remedies and resorted to many different kinds of treatments, but none of them helped until I tried CINOT and since I have taken that remedy my pain has left me and I am feeling as well as I ever did and am glad to endorse CINOT to the public."

Farrell, of the class of 1914, has been assisting ideas for the past few days, and hopes to announce some definite plans in the immediate future. He desires to bring any of the members who have opinions to offer to get into communication with him at the Talking Machine Shop, of Norwich, without undue delay.

NORWICH TOWN

Mrs. Olive W. Ellis, for three years and six months the efficient matron of the Sheltering Arms, is expecting to leave July 1, having resigned about a month ago. The resignation was not accepted then and Mrs. Ellis was prevailed upon to remain for a longer time. Mrs. Ellis has stated that she devoted to her duties and comfort, the nurses and helpers in the home, and any one who has been associated with her either in business or socially, cannot help but regret her departure. Always cheerful, Mrs. Ellis has met every occasion with gentleness and sweetness of character, while being loyal to her position. She will be leaving for Norwich, having made lasting friendships.

The new matron, Miss Carrie L. Shurt, left for Hartford, where she is expected to arrive a week from today (Wednesday) June 23, comes to the Sheltering Arms very highly recommended by Mrs. Ellis, being friends for many years. For a week previous to Mrs. Ellis' leaving, she and Miss Shurt left to go over the work at the institution together.

Following the service at the First Congregational church Sunday morning, the standing committee held a session to meet candidates who desire to be received as members of this church.

The Dorcas Home Missionary society of the First Methodist Episcopal church, will meet Thursday afternoon, June 17, at the home of one of its members, Mrs. George Manning of Yantic. This meeting will be in the form of a birthday party, while the Women's Home Missionary society all over the country will observe on that date.

Simple Home Remedy

for Wrinkled Faces

Thousands of the fair sex are spending fortunes in frantic efforts to remove the signs of premature aging from their faces. Such women willingly pay almost any amount of money for worthless wrinkle removers, of which there are many.

Many of them know it, the most effective remedy imaginable is a simple, harmless lotion which can be made up at home in less than a minute. They have only to get a ounce of pure powdered zinc oxide and half a pint of water. Apply this daily for a while as a refreshing face wash. The effect is almost magical. Even a face that has been treated with a marked improvement is noticed and the face has a snug, firm feeling that is most pleasing.

Higgins of 225 Broadway, was the first college graduate, who was prominent in musical circles, and for four years in succession won the \$25 Bodeween prize for excellence in English in the field of the newspaper article. ence and the test of education must be that it is practical and public and largely political. He reminded the graduates that they were the last class among women's colleges where there can be made a distinction between the education of men and women as to public service and he went on to say that for a woman not to be interested in government in the future will put her in the same class as the young man who evades his military duty. The teacher is doing something which has to do with the practical side of life, not so much with the decisions that are to be reached today, but in ten, twenty, thirty years from now. The issues of inspiring politicians of today will be dead by the time the teachers work gets to influence. For these unknown questions the teacher has been preparing the way, equipping you with power. You go forth to meet these questions because you are strong for a large public service. Out of education arises the creative and directive impulse, and we spring forth seeing so many things to do and all to be done instantly that the individual seems to be nothing. So many wide cosmic ideas, but no power of self control. There is to be cured too through education, making us not only willing to do but showing us how, for it is the men and women of the strong, slow values who are needed. Such we need to be if we are to give service not alone for today but for tomorrow.
